- All-non faculty employees (non-student)
- Include part-time employees
- Include post docs (need to determine if faculty or staff)
- Students who work should not equal employees who take classes
- All non-faculty employees
- Anyone not represented by other councils
- Assistant and Associate Directors should be included but council should represent all staff positions
- Full and part-time employees who are not faculty
- Split on inclusion of grad students (they have own issues and organizations; too interwoven; Office of Graduate Studies could serve as a sub-group)
- All non-faculty employees (classified and non-classified)
- All levels of staff
- Include part-time employees
- Not student workers
- All non-faculty employees (including part-time)
