Members Present: Missy Amos, Lisa Blum, Ron Carter, Jackie Caruso, Dean Endler, Venesa Flores, Vic Fryssinger, Debbie Hoffmann, Jeannie Laird, Lori O’Bannon, Kimberlee Pottberg, Robert Pottberg, Debra Robertson, Lawrence Vega, Rosie Schoenfeld, Jeff Wilson, Carla Wisenske  
Not Present: Kathy Collins, Diane Hurtado, Olga Martinez, Monica Poehl, Patti Urbina  
Visitors: Deanna Johnston, Christine Tisone

Call to Order: 8:31 a.m.

AGENDA ITEM(S)

1. Minutes  
Dean Endler called for a motion to approve the July and August 2009 meeting minutes. Jackie Caruso requested that the August 2009 minutes be amended to read that Di Fontenot was present to address changing the infant program to eliminate the acceptance of children under the age of 12 months. Kimberlee Pottberg motioned to approve the July meeting minutes and the August meeting minutes with the requested changes. Venesa Flores seconded the motion. All approved.

2. Introduce CSBA Chair  
Jeanne Laird introduced Debra Robertson who is the new chair of CSBA. Debra will be replacing James Laird as the Ex-Officio member/resource for the Committee of Senior Business Administrators.

3. Childcare  
Deanna Johnston presented on the need to provide childcare for infants of Texas A&M employees. Deanna reported that as of September 1, 2009 the Becky Gates Childcare Center stopped taking infants under 1 year of age. Childcare provider wait lists in the area can be anywhere from 18 months to 2 years making it difficult for employees to provide childcare for their infant children. Deanna cited the 2008 survey and data that Dr. Stephanie Payne performed which was based on the number of children insured. The results of this survey indicated that out of 452 children aged newborn to 18 months, approximately 30% (133) required child care. This survey measured only those with insurance and it was performed before the daycare changed its young infant policy so the effect of this change was not measured. The intent of Deanna’s presentation is to (1) raise awareness that there are childcare needs of employees that are currently not being met and (2) collect information so that administration can be made aware of the problem. To date, the following have been engaged to increase awareness of this need: Dr. Stephanie Payne, the Graduate Student Council and the Staff Council.

4. TAPPS Boss’ Day  
Kathy Collins was not present so this agenda item will be deferred to the next meeting

5. President Loftin Briefing Update  
Dean Endler reported that Dr. Loftin agreed to conduct a Town Hall meeting with the University Staff Council in the January timeframe. Debra Robertson confirmed that the Town Hall meeting could be held in conjunction with the Committee of Senior Business Administrators Winter meeting which is scheduled on January 12, 2010. The expected start time of the meeting would be 1:30. Dean asked if this timeframe is acceptable since this is the second afternoon Town Hall meeting. All agreed that the 1:30 time is acceptable for the January Town Hall but the following Town Hall meeting should be held in the morning. There was some concern expressed that the January 12 date may conflict with the Physical Plant staff appreciation dinner. Dean will follow up on this. Dean stated that Dr. Loftin is interested in hearing about the issues that were brought up in USC. Dean stated that the issue of childcare was discussed.
6. Issues Discussion
Dean Endler stated that it would put the USC and Dr. Loftin in a difficult place if we did not make recommendations on issues at the January Town Hall meeting. The USC needs to focus on addressing issues and making recommendations and the USC needs to be purposeful in doing this. Dr. Loftin should be provided with our recommendations prior to the January meeting. Dean stated that Dr. Loftin wants to partner with USC.

7. Staff Survey
Jackie Caruso stated that although the USC bylaws are in place that the mechanics for handling issues are not in place. Jackie mentioned that HR is partnering with Mays Business School to develop and administer two surveys targeted at management and staff which will run in October. Jackie suggested that USC identify constructs using the 2006 task force data, issues that have been submitted to USC and the outcome of the last town hall meeting to develop survey questions that USC could include as part of this survey. This is one opportunity for the USC to obtain staff feedback on various issues. The preliminary results from this survey will be available in late December, with formal reporting expected in January 2010. USC could use this opportunity to identify 5 or 6 driving issues to address. Dean requested that anyone that wants to be involved in the development of the survey input stay after the USC meeting to discuss next steps.

8. USC Business Items
a. Budget
Rosie Schoenfeld reported that she is getting accurate and final budget numbers and that she expects to request twice as much funding this year.

b. Communications

c. By-Laws
Venesa Flores distributed modifications to the by-laws. The by-laws will be sent to Missy Amos for further distribution and voting. Jackie Caruso expressed concern over using the word “ensure” in Amendment III Article III stating that it may not be possible for USC to ensure representation across classification levels and executive reporting levels, now that it is an elected process rather than appointed process. The by-laws will be changed to reflect that USC will review eligibility but not ensure it.

Meeting Adjourned: 10:32 a.m.

2. USC Budget Discussion  
   a. Budget Update. Lisa Blum reviewed the budget update. The original budget allocation was $5,100. To date, USC has spent $2,797.90. We currently have a balance of $2,302.10. We are working under the assumption that this remaining balance will stay.
   b. Proposed Budget. There was discussion about how the original budget was prepared and discussion about the line items that should be included in the proposed budget. Lisa Blum will rework the budget for final presentation to USC.

3. General Updates  
   a. Meeting with Jason Cook. Dean reported on the EO meeting regarding the Town Hall Forum with Interim President Loftin on January 12. The forum will be held in conjunction with the CSBA meeting. It is scheduled to start at 1:30. The format of the forum will be:
      10 Minute intro
      25 Minute update on USC
      30 Minute meet and greet
   
      Jason Cook is checking to see if we could/should do a livestream of the forum.
   b. Shared Governance Meetings (New Initiative). Dean reported that Robert Bednarz contacted him with a request for a representative from the University Staff Council to participate at a Shared Governance Meeting. Dean will attend the meeting scheduled on October 28 and will report back to the full USC. Dean reported that in addition to the University Staff Council, the following have also been contacted for participation: Faculty Senate Student Government, Former Students and the Graduate Students Council. The 10/28 meeting will be held at 11:30 in the Faculty Senate conference room.

4. Action Items for Completion  
   a. TSAC (Transportation Services Advisory Committee). Robert Pottberg is a current member of TSAC and he has agreed to continue to represent the University Staff Council on TSAC. In addition, we have been asked to provide one more representative for this committee. Dean asked for one additional USC member to participate on this committee. Olga Martinez agreed to serve on the TSAC representing USC. The next meeting is scheduled for Thursday, 10/29 at 11:30 in Koldus 110 (lunch is included).
b. Search Committees. The University Staff Council has been asked to participate or identify other staff members to participate on two internal search committees. One search is for the Associate Provost for Undergraduate Studies (Provost) and the other is a search for the Associate Vice president for Graduate Studies (VP Research). The following expressed interest in participating on the search committee for undergraduate studies: Kathy Collins, Venesa Flores and Diane Hurtado. The following expressed interest in participating on the search committee for the Associate Vice President for Graduate Studies: Christine Tisone, Vic Frysinger and Patti Urbina. The search committees are expected to be appointed by the end of this month.

c. USC Election Guidelines. The USC election guideline and communication documents were reviewed with the intent of bringing the documents to completion today. It was discussed that the documents are intended to be a guide and not a mandate. Two primary changes were requested: Change the word “organization” to “unit” and change the language to read that elected positions should be named on or before December 4, 2009.

d. Issues Committee Formation. Patti Urbina reported that there have been 27 issues that have been reported through keystone. USC discussed creating issues committees with full participation of the USC members on these committees. These committees would be established based on broad categories of issues (some of these issues may be shared issues. The committees would meet to discuss issues and report back to USC. The following three committees were agreed upon: 1)Shared Governance, 2) Worklife and Benefits, 3) Parking/Transportation/Facilities and Infrastructure.

5. Other Items. There was discussion about the recent change from a Chair elect vs. a Vice Chair position. Due to the full agenda today and time constraints, the by-law discussion item will be discussed at a future meeting. The bylaw discussion item has been requested as an agenda item for the November meeting.

AGENDA ITEM(S)

1. Minutes

Dean Endler called for a motion to approve the October 2009 meeting minutes. Debbie Hoffman motioned to approve the meeting minutes. Venesa Flores seconded the motion. All approved.

2. New Employee Orientation Program

a. Ann Mayer from Employee & Organizational Development presented the new employee orientation guide and orientation program which she would like for USC to endorse. Anne reported that there were two sessions in September because there were so many new hires but now there is one session per month for new employees. The orientation materials can be found on the new.tamu.edu website. Links have been provided throughout the website for ease of navigation. The New Employee Quick Guide to Success section provides a framework of what to expect during first days on the job and suggestions on accelerating the transition process. There is also a quick guide for HR liaisons. The new employee orientation includes a Benefits Orientation and a New Employee Welcome. Class size is averages 30 – 35 people. Registration to attend this orientation program is available on the following website: eodinfo.tamu.edu. Division and departments are encouraged to have their own orientation and HR liaisons and supervisors are encouraged to get involved in the orientation process as soon as the hire is made. For additional information contact Anne Mayer at amayer@tamu.edu.

3. University Tuition Discounts

a. Deborah Wright from the Division of Finance (Budget Office) discussed university tuition discounts, also referred to as an educational benefit program. Deborah reported that several years ago, certain mandatory fees were waived to incent employees to stay with the university. Entities do have costs associated with potential lost revenue. In 2007, Interim President Ed Davis created a committee of university and system agency employees to evaluate the impact of designated tuition and waiving the remainder of the mandatory fees. The committee met for one year. The result was a recommendation to Interim Provost Jerry Strawser in favor of providing this enhanced benefit to employees. The faculty senate endorsed this. The timing of the effort was a problem as the expected impact is $1.5 million per year and implementing this would raise tuition costs for students. The educational benefit program continues to be monitored. Deborah reported that this subject was addressed at the Big XII conference that she attended recently. Deborah reported that many Universities offer scholarships for dependents (TAMU has a four year scholarship for dependents). For example, the University of Kansas has a tuition grant and reimbursement program. The University of Nebraska allows 15 credit hours per year which can transfer to dependents. OU offers 3 free hours. Colorado provides a 9 hour waiver if space is available. UT offers 1 course per semester (3 semester credit hours). It was noted that tuition and fees amount to approximately $5,000 per semester at TAMU.
4. **Bylaws Discussion**

a. Concern was expressed that the process in which bylaws were recently revised revealed gaps in communication and that there were questions that were raised and assumptions that were made that were not clearly communicated to USC. Concern was also expressed that there was a lack of common understanding across the council on the bylaws relative to the change from the Chair Elect to the Vice Chair position. Overviews of the three options identified for the Chair Elect or Vice Chair position were reviewed. They are: 1) Leave the by-laws as is with the Vice Chair position, 2) Change the by-laws to a "Plus one option" which would allow for a member to run for the Chair Elect position during their first or second year term. Should a member be elected as Chair Elect for their third year in office, the "Plus One" would add an additional one-year to the individual's term, for a total of 4 years. 3) Change the by-laws to allow for a past president to serve one more year as an ex-officio member, serving on the Executive Officer's committee. After much discussion of the merits of these options the USC voted (17 yes; 2 no) to let the current bylaws which calls for a Vice Chair position to stand.

5. **General Updates**

a. **USC Elections:** Christine Tisone has been elected to represent the College of Education. Other entities have started the election process but no members have been officially elected yet. A follow up communication will be sent to the election contacts with a reminder of the December 4 due date and a request for an update. Several USC members reported on the status of the election process in their areas.

b. **Proposed Budget:** There will be a $2,302.10 carryover in the budget request. The budget request will be completed once the cost information to maintain the website is received. Currently, the request will be $3,597.90 plus website maintenance.

c. **Academic Calendar/Faculty Senate Meeting:** The proposed 2011 calendar has 12 days off as opposed to the current 14. Because the calendar dates are fixed any holiday falling on weekends are not available. For 2011 this will translate to 1 day for Spring Break. It was suggested that this issue be brought to the personnel and benefits committee to see if a set number of holidays can be made available rather than losing a day for holidays that fall on Saturdays and Sundays. Three areas were identified for the personnel and benefits committee: 1) Advocate for a certain number of days per year (to state legislature), 2) floating number of holidays and 3) USC vote on the academic calendar.

d. **Childcare Issue:** The childcare issue update was deferred to the next meeting.

e. **Shared Governance:** The shared governance report was deferred to the next meeting. By December 1, comments regarding the Enlightened and Shared Governance definition document should be sent to Dean Endler.

f. **Council on Climate and Diversity:** USC members should review the diversity plan draft. Dr. Christine Stanley and Dr. Becky Petitt will be in attendance at the next USC meeting to discuss the plan and address any concerns we may have.

g. **Other Issues:** Dean reported that Patti Urbina has been appointed to the search committee for the Associate Vice President for Graduate Studies and Venesa Flores has been appointed to the Associate Provost for Undergraduate Studies search committee.

6. **Standing Committees**

a. Dean requested that the standing committees meet briefly before adjourning.

**Next Meeting:** Tuesday, December 15 – 701 Rudder Tower
AGENDA ITEM(S)

1. Council on Climate and Diversity
Drs. Christine Stanley and Becky Petitt discussed the TAMU draft diversity plan. The plan was developed in 2006 and was reorganized in 2009 around three goals: Accountability, Climate, and Equity. Dr. Stanley has presented the plan to a wide variety of groups on campus. Two major campus entities, the reconstituted Council on Climate and Diversity (CCD) and the newly established Diversity Operations Committee (DOC), will aid in the ongoing planning, implementation and assessment of the diversity plan.

   c. Childcare Issue: The Graduate Student Council (GSC) conducted an internal survey regarding childcare issues. A letter is being circulated between the USC, GSC and the Faculty Senate requesting the president appoint a task force to address this topic of concern. Jackie Caruso indicated a Request for Information (RFI) had been conducted by Human Resources and an update will be forthcoming in mid-January.

Call to Order: 8:31 am

AGENDA ITEM(S)

1. New Member Introduction/Welcome

   Dean Endler introduced and welcomed USC members who joined the group since the last meeting.

2. Staff Emeritus Rule

   Bill Dixon explained the ability to give emeritus status to staff was established in 1996, but a rule was never created. The process dictates applications should be vetted through the Staff Council whose executive officers are responsible for making recommendations to the president. University Staff Council was not previously in place for vetting applications, so now there is an opportunity to institute a rule. The rule enables honoring Directors, Executive Directors, Assistant Vice Presidents, Associate Vice Presidents, and Vice Presidents who retire from this day forward as well as those who have retired in the years past. Guy Mortensen articulated the goals of the rules are to honor individuals and to preserve institutional knowledge. He asked USC members to please provide feedback about the size of initial screening committee and explained the USC executive committee would have final approval of the applications prior to being submitted to president. USC members commented on and discussed issues related to this topic. Several members indicated they would like the opportunity for Staff Emeritus status to apply to all titles, not just the ones listed in the draft rule.

   Action Item: Request of USC members by Mr. Mortensen and Mr. Dixon: Please consider approving the proposed rule and making recommendations about the portion related the role of the USC and suggesting appropriate terminology. Updated draft will be distributed electronically along with list of staff titles within payroll system; USC members should review, make corrections, and be prepared to discuss them at the next USC meeting.

3. Minutes

   Dean Endler stated there was no secretary at the last meeting. We plan to compile notes from members of the council and approve the December and January minutes during the February meeting.

4. USC Secretary Position

   Dean Endler explained the Executive Officers asked for volunteers to fill the Secretary position left vacant when Missy Lund resigned. Debbie Hoffmann is the new Secretary.

5. Update on Geosciences Representative
Dean Endler reported the College of Geosciences election is underway.

6. **General Updates:**
   
   a. **Search Committee Updates:**
      
      i. **Presidential Search Committee** – Jeff Wilson wrote a memo to the chair of the Presidential Search Committee stating concerns that USC was the only group not represented in the search process before the interview process began. He expressed an additional concern that there are no plans to vet the candidates by way of open forums. He has an appointment to visit with Dr. Dave Parrott to discuss these concerns.
      
      ii. **Associate Vice President for Graduate Studies Search Committee** - Jeannie Laird reported on behalf of Patti Urbina the next committee meeting is scheduled for Jan 26 and the target date for short list of candidates is mid-March.
      
      iii. **Associate Provost for Undergraduate Studies Committee** - No update.

7. **Town Hall Debriefing**

iv. **Communications**

b. **EO/Committee Chair Meetings**
Dean Endler announced a planned change in the structure of USC meetings where committee work will no longer be a standing item on the agenda of future USC meetings. Each committee is meeting as needed between USC meetings and many members participate on more than one committee making it impossible for them to be involved with each when they meet concurrently. Committee chairs have been asked to participate in the post-USC Executive Officer meeting so action items from the meeting can be discussed and assigned without delay.

c. **EO Budget Meeting with Provost**
Dean Endler shared the TAMU 5% Required Reduction Plan that was a result of a collaborative process across the campus and which the USC executive officers were able to provide input on behalf of staff to Interim Provost Karan Watson.

AGENDA ITEMS:

I. Minutes Review/Approval
   February minutes were reviewed. Robert Pottberg moved to approve the minutes and Rose Berryhill seconded the motion. Discussion included correcting the spelling of Debz DeFreitas’ name. Minutes were unanimously approved.

II. Executive Officer Elections
   Jeannie Laird reminded the group that USC officer elections would be held in May. Please reach Jeannie Laird at j-laird@tamu.edu or Dean Endler at d-endler@tamu.edu if you have additional questions about the roles of the executive officers or are interested in running for an office.

III. System Staff Councils Meeting
   Jeannie Laird reported work has been done to collect a list of staff councils throughout the system with the intent to call a meeting of the chairs of each of the councils to determine if there are issues each are facing or addressing that are similar and could be worked on collaboratively.

IV. USC Update to President Loftin
   Jeannie Laird reported USC executive officers have scheduled a meeting on April 29th to update President Loftin of USC activities and accomplishments. The intent is to focus on outcomes of issues raised during the January open forum. There was discussion about providing information back to all council members about the planned content of the meeting for feedback and input.

V. Senior Vice President for Administration Search
   Jeannie Laird reported that of the USC members nominated for the search committee, Ron Carter’s and Debbie Hoffmann’s names were submitted to President Loftin for consideration. Ron Carter was selected to serve on the committee. Ron reported on the accelerated search process that has occurred. The committee considered 25-30 candidates, conducted phone interviews Saturday, March 13, and submitted finalists to Dr. Loftin. Dr. Loftin is conducting interviews this week and plans to present his choice to the Board of Regents Friday, March 26.

VI. Issues Process
   Jeannie Laird thanked the members who attended and participated during the March 4 USC Retreat. She reported it was a productive time and progress was made toward the final draft for the Issues Process, FAQ and Issues Form. She received limited feedback about recommended edits to these drafts and asked again for the feedback from the small group exercises be submitted to her by March 26. There was discussion about issues that have already been received before we implemented the prescribed process and staff’s ability to see the status of an issue while it is still within the process. USC wants to be transparent about issues that have been
raised and any USC activity associated with the issue, but need to determine the best way to communicate back to staff.

VII. General Updates
   a. Standing Committee Updates
      i. Work Life and Benefits
         Jackie Caruso reported the group has met once since the last USC meeting. Thomas Mather has moved off this committee so he can spend time sharing his expertise with the Communications Committee. They developed a committee list serve so the group can more quickly move issues along. The group has been working on the list of issues related to Work Life and Benefits, determining how and when to work with existing staff groups in other departments. They plan to continue to partner wherever they can to build leverage on issues and not compete with other groups. During the last committee meeting, progress was made on issues related to the University Holiday Schedule and Staff Emeritus Rule, but there was not a quorum so no vote was conducted. The committee plans to be very aggressive to get resolution on these two issues before USC executive officer meeting with President Loftin, then time will be spent reviewing the remaining list of issues.
      ii. Parking, Transportation, Facilities and Infrastructure
         Debbie Hoffmann presented the draft of the PTFI Committee’s work and their proposed USC responses. She distributed printed copies of the committee’s work and briefly talked about each issue and invited discussion. She stated the document would be distributed electronically for discussion and USC vote for adoption. There was discussion that some of the draft USC responses indicated PTFI would work with Work Life and Benefits committee, but no PTFI members have reached Jackie Caruso about those items yet. There was a comment that based on experience with the “Faculty/Staff” tab on the Dining Services web site, searching for information about meal plans and discounts is very cumbersome and puts the user in a continuous loop without getting to the appropriate information. It was suggested we look into this before citing it as a source for “more information” to ensure staff can truly get to the information from that site. Two PTFI members indicated they thought there was agreement to eliminate issue #11 because it really isn’t related to staff.
      iii. Shared Governance
         No Update.
      iv. Communications
         Jeannie Laird reported that the Role of the USC Member Exercise and the Issues Process discussion during the retreat was the contribution of the Communications Committee. The members plan to continue developing other processes in the future.
   b. Bylaws Committee
      Jeannie Laird reported the bylaws committee has been formed and will soon begin reviewing the USC bylaws for necessary changes. If you are aware of a council or committee on our campus or others that have bylaws that may benefit the bylaws committee, please notify Jeannie Laird at \texttt{j-laird@tamu.edu} or Dean Endler at \texttt{d-endler@tamu.edu}.
   c. Adoption of Standing Committee Charges
      Jeannie Laird reported all draft committee charges will be collected and put on one document for distribution to the council with the intent of discussing and voting during the next USC meeting.
   d. Search and Other Committee Updates
      i. Associate VP for Grad Studies
         Jeannie Laird reported the top four candidates have been interviewed by committee.
      ii. Faculty Senate Welfare Committee
         Jeannie Laird reported Patti has asked USC be included in the process. Patti has experienced committee members being watchful for issues important to staff. Dr. Bob Strawser is the Chair.
      iii. Stakeholders
         Jeannie Laird reported the group met last Thursday but no specific issues were discussed. The Association of Former Students (AFS) board chair was interested in knowing how AFS would be able to assist USC in any initiatives; Dean relayed that we haven’t talked as a body yet on this topic, but we would be interested in developing a staff scholarship program.
iv. **Council on Climate and Diversity (CCD)**
Jeannie Laird reported the group met for the second time but there were no specific agenda items related to USC.

v. **Diversity Operations Committee (DOC)**
Debbie Hoffmann reported the committee met for the second time and established three subcommittees: Accountability; Climate; Equity.

vi. **Transportation Services Advisory Committee (TSAC)**
Robert Pottberg reported TSAC approved the addition of paid visitor parking areas to several parking lots on west campus in lieu of paid visitor parking in West Campus Garage (WCG). Debbie Hoffmann added that WCG is scheduled for conversion to new gate access equipment for all 16 drive lanes but the visitor revenue generated from the garage is very low and doesn’t warrant the expense to add revenue control equipment during the upgrade. TSAC has met with several constituent groups to discuss moving paid visitor parking out of WCG and to surrounding surface lots, like Lots 61, 74 and 100h.

vii. **Budget**
Lisa Blum reported there are no changes to the budget since our last meeting. There are a couple of items pending payment from the USC retreat. The current balance is $10,286.89.

AGENDA ITEMS:

I. Introduction of Guest(s):
Dean Endler introduced Kelli Hutka, Director of Campus Programs, Association of Former Students

II. Minutes Review/Approval
March minutes were reviewed. Rose Berryhill moved to approve the minutes and Debra Dandridge seconded the motion. Discussion included Patti Urbina correcting the name of the Personnel and Welfare Committee chair; it should have been Dr. Ramona Paetzold. Minutes were unanimously approved.

III. Provost Search Advisory Committee Update
Dean Endler reported the Provost Search Advisory Committee recommends including USC members representing colleges on the search committee. Interested members please reach Dean at d-endler@tamu.edu by April 23.

IV. USC Update to President Loftin
Dean Endler reported the executive team intends to inform Dr. Loftin of updates about USC structure; to request staff spotlights on TAMU web site; provide issues updates; discuss scholarship opportunities for staff; inquire about agency representation on USC. Dean will prepare an executive memo of the topics planned for discussion and will share with the USC.

V. University Worklife Committee Involvement
Agenda listed SEBAC, but Dean Endler indicated it should be University Worklife Committee and not System Employee Benefits Advisory Committee (SEBAC). This has nothing to do with SEBAC. Jane Schneider asked if a USC representative from the Shared Governance Committee could participate on the University’s Worklife Committee. Jackie Caruso reported UWLC formed a couple of years ago. Suggest that we assign representation and then have the rep report on a regular basis to the USC. Currently there is representation from faculty, staff, graduate students, and HR. The committee is in the state of forming their charge and is looking to be an advocate for all employees on campus. It was suggested we should work together to move issues forward in a collective manner and avoid duplicating our efforts. They are currently focusing on the child care issue.

VI. USC Executive Officer Elections
Debbie Hoffmann reported the nomination process for USC executive officers is now underway. Please email Debbie at dhoffmann@tamu.edu by May 7 with the name of your nominee. If not self-nominating, please confirm acceptance of nomination before submitting your candidate’s name.

VII. USC Member Elections Ad Hoc Committee
Debbie Hoffmann reported she would like help from a couple of members to review the USC election guidelines,
forms and process. She anticipates one or two, one-hour meetings. Please email Debbie at dhoffmann@tamu.edu this week if you are interested.

VIII. Adoption of Standing Committee Charges
Dean Endler reported he has not received all draft committee charges. We will hold off voting on them until our May meeting. There was a request for members to have the opportunity to preview them ahead of the meeting.

IX. General Updates
a. Standing Committee Updates
   I. Work Life and Benefits
      Jackie Caruso reported the group has been working on two issues: staff emeritus rule and university holiday schedule. Much research has been done of other universities with staff emeritus rule and collaboration with HR to obtain clarification. They hope to distribute their findings electronically before the next meeting. Same thing with university holiday schedule. University of North Texas has a concept of floating or optional holiday; also discussed getting some input from staff to see how they would like to see the holidays distributed. We suggest EO’s visit with the president about this issue before we poll employees. There is a published response from the president to inquiries about why we didn’t get off on Good Friday. The committee identified priorities to determine the next issues to address: staff tuition reduction/scholarships and staff educational opportunities; childcare; one plus expanded health care coverage; sharing leave balances with spouses. They are working to compile a comprehensive list of staff councils throughout the campus; a request for information was submitted via HR Liaison network and received 15 responses. HR conducted a Request for Information to see if there is interest in the local community to provide exclusive or priority status childcare to university employees. Received two replies and are compiling a comparison chart. Due to the low response, a decision was made to not go out with a Request for Proposal.
   II. Parking, Transportation, Facilities and Infrastructure
      Jeff Wilson reported the group has compiled proposed USC Responses to Concerns Collected to Date. They last met in early April. Often issues submitted to the committee, they have nine proposed responses. They will submit the draft to the EO’s for distribution to USC and vote in May. Suggested to EO’s that USC should try to get representation a part of the CBE and Dining Services Advisory Committee. Next OTFI committee meeting is the first Thursday of May.
   III. Shared Governance
      Dean Endler reported the Graduate Student Council issued two resolutions.
   IV. Communications
      Patti Urbina reported the group has been unable to meet since the retreat. She shared the committee charge with the group. Next communications committee meeting is scheduled for Wednesday, April 28, 1:30 – 3:00 in 2701 GSC and they will finalize the processes defined during the retreat. They have also been meeting with CIS to discuss a content management system so the USC website can be updated.

b. Bylaws Committee
   Dean Endler reported the bylaws committee had met and had agreed to assign portions of the bylaws to each of the committee members for review. He also stated they were reviewing bylaws from various institutions to help with the process of identifying areas that our bylaws may need to cover.

c. Search and Other Committee Updates
   I. System Staff Councils Meeting
      Dean Endler reported the Chancellor hosted TTVN discussion in late March with all system staff councils. On June 8th the executive officers of the system staff councils will come together for a light meal at the Chancellor’s home and then meet on the morning of the 9th at the General Services Complex.
   II. Stakeholders
      Dean Endler reported the group met and Kelli Hutka from Association of Former Students (AFS) participated. AFS is interested in helping with staff scholarships. Kelli reported AFS is an independent, non-profit organization that manages an annual fund from which scholarships can be awarded. The Texas A&M Foundation also manages scholarships on campus. Kelli recommends we have a
discussion if the scholarship should be a yearly cash gift (collected each year) or an endowment. Endowment requires collecting larger sums of money and only the earnings of the fund are used for scholarships but it is perpetuated from year to year, where the cash fund starts from scratch each year. Kelli suggests defining parameters for awarding scholarships. AFS would be very receptive to hearing staffs’ desire to have portions of the annual fund directed toward staff scholarships, but the use of the funds is directed by the president. Staff may contribute to the annual fund for half price, so staff can be a century member for only $50. The majority of the scholarships from AFS are based on academic excellence and are in the amount of $1000 per year.

III. Associate VP for Grad Studies
Patti Urbina reported the AVP for Grad Studies was in the final negotiations to close this position. A formal, public announcement is anticipated before the end of the week.

IV. Faculty Senate Personnel & Welfare Committee
Patti Urbina reported that the committee concluded its academic year with the following accomplishments: submission of a resolution to the Faculty Senate to extend health care benefits (formerly plus 1); support for the university to explore means to encourage local businesses to offer infant care; submitting to the May Faculty Senate for discussion a policy promoting civility in the workplace and prohibiting bullying; approval of the holiday schedule.

V. Council on Climate and Diversity (CCD)
Dean Endler reported the group was asked to meet to discuss the next steps since the approval of the university’s statement on diversity.

VI. Diversity Operations Committee (DOC)
Debbie Hoffmann reported the group met once since the last USC meeting, but she was unable to attend.

i. Transportation Services Advisory Committee (TSAC)
Jeff Wilson reported the April TSAC meeting was cancelled and noted that Rose Weis moved to lead the facilities group and Peter Lange is now interim executive director. TSAC is working on a draft policy for managing vehicles on sidewalks. The Next TSAC meeting is scheduled for May 20.

ii. Budget
Lisa Blum reported the available balance in our budget is $12,249.93. The bill for the web site contract has not yet been received or deducted from the balance.

Meeting Adjourned: 2:35 pm

Next Meeting: Tuesday, May 18, 2010, 8:30 pm – 101A General Services Complex
AGENDA ITEMS:

I. Minutes Review/Approval
   Clarifications were sent to Debbie Hoffmann via e-mail and also noted was the need to provide explanation of acronyms. Minutes were unanimously approved.

II. USC Update to President Loftin
   Dean Endler reported the executive officers met with Dr. Loftin and Jason Cook. Childcare continues to be of concern and presents many challenges; Dean suggested a task force or group representative of faculty, students and staff be convened to continue this discussion. Dr. Loftin will obtain more information from Dr. Karan Watson who has been involved in several discussions regarding childcare in the recent past.
   -Also discussed was the interest of the council to pursue scholarship opportunities for staff wishing to take classes at the university. Dr. Loftin supports this idea, recommended we look for funding opportunities and provided contact information for Galveston staff that can help provide information with regard to how their staff scholarship program works.
   -Dr. Loftin was updated on the USC’s involvement with the proposed staff emeritus rule. Dr. Loftin indicated the existing faculty emeritus program was a very stringent process, requiring board of regent approval. Of concern are the limited eligibility of staff for such a program, and the benefits that would be available to such recipients given budget and space constraints.
   -Insurance premiums are expected to increase, however, it is uncertain what the state contribution is going to be and thus the out-of-pocket expenses to employees is unknown. Dr. Loftin indicated administration is watching this issue closely and remains to be concerned, especially with no merit opportunities this year to offset such costs. He stated there was a slight possibility a plan may be implemented to help offset costs for lower paid staff should out-of-pocket costs increase significantly; such program of course will depend upon availability of funds and by no means has such a plan been finalized or approved.
   -The USC indicated its interest in having a Staff Spotlight on the main TAMU website, similar to the existing Faculty and Staff Spotlights. Dr. Loftin encouraged such action, and requested the USC provide a source for the data. It was also mentioned the president's weekly updates and the USC website could also be avenues to recognize extraordinary efforts and/or achievements. Discussion at the USC meeting included the need for a functional process/approach would be important to identify staff members and related stories, as well as the assignment of such activities to the communications committee.
   -Dr. Loftin supports the USC’s representation of agency staff and believes such representation can provide value to all staff.
   -The executive officers welcomed Dr. Loftin to attend a future meeting to meet the staff council members. Dr. Loftin indicated he would like to host a small reception sometime over the summer. Dean suggested also including the members who rolled off the council in December.
   -The expectation is that the USC will meet with Dr. Loftin each semester to update him on the council's progress and activities.

III. Aggie Ring Day
   Dean Endler reported the University Staff Council members have been invited by AFS to participate in Aggie Ring Day activities, currently scheduled for September 17 and November 13. Members interested in volunteering to help with this event should contact AFS representative Kelly Malone at 845-7514.

IV. Executive Officer Elections
   Dean Endler reported that executive officer elections are currently underway. He thanked Debra Dandridge and Thomas Mather for both agreeing to run for the chair of the communications committee, noting their
willingness to work together on the committee as a team to handle the many objectives the group is working on.

V. Adoption of Standing Committee Charges
Charges for the standing committees, (Shared Governance, Communications, Work-life and Benefits, and Parking, Transportation, Facilities and Infrastructure) were reviewed for approval. Dennis Corrington moved to approve the charges and Matthew Upton seconded the motion. Charges were unanimously approved.

VI. New Business
a. Jackie Caruso reported that SEBAC (System Employee Benefits Advisory Committee) had their last meeting for the fiscal year. The plus one benefits option has been tabled until the committee reconvenes in the fall. Insurance premiums are expected to increase however, the legislature has not finalized what the state contribution is going to be. Out-of-pocket costs to employees has yet to be determined. Human Resources will release that information as soon as those decisions have been made.

b. Jeff Wilson suggested the USC consider recognizing USC member’s service by giving a plaque to outgoing members. Discussion also included a recommendation to give members a nameplate or some other designation for posting outside USC members’ offices, similar to those used for Aggie Mentors. The communications committee will assume responsibility for this activity.

VII. General Updates
Standing Committee Updates
i. Worklife and Benefits
1. Jackie Caruso reported on the committee’s work relating to the proposed staff emeritus rule and presented to the USC the committee’s recommendations. Recommendations that the USC should not support the rule as it is written, the USC should not be the designated entity to recommend approval of a request for staff emeritus or similar title, and the USC should comprise an ad hoc committee to consider the development of alternative recognition program(s) that would recognize extraordinary contributions of all staff on campus were proposed. Dennis Corrington moved to approve these recommendations and Robert Pottberg seconded the motion. These recommendations were unanimously approved. Dean Endler will draft a response from the USC to Human Resources with the assistance of Jackie Caruso and Christine Tisone.

2. Jackie Caruso stated the WL&B committee would continue to work on the holiday schedule issue and that research had also been done on educational opportunities for staff. Kevin Gustavus reported existing benefits included approximately $300 of fees were waived for staff and the Educational Release program, which allows up to three hours of work hours be used to attend classes. The committee is also looking at the Galveston campus’ scholarship program and how it is structured. Christine Tisone mentioned the English Language Institute on campus indicated their desire to expand their services to staff to include GED and ESL classes but pointed out that it would require funding.

ii. Parking, Transportation, Facilities and Infrastructure
Jeff Wilson presented the PTFI committee’s recommendations on issues received to date. Discussion followed regarding the need for further clarification/explanation on the issue relating to ability-to-pay permit pricing. Jeff Wilson indicated PTFI would remove this item from the recommendations so additional information could be obtained. Thomas Mather moved to approve the remaining USC responses as presented, Kevin Gustavus seconded the motion. All but one approved the remainder of the responses.

iii. Shared Governance
No update; Ron Carter was unable to attend.

iv. Communications
Patti Urbina reported that the new website functionality was almost complete; Thomas Mather is working with CIS to obtain the password to review the progress. The committee is looking at other council websites for ideas and also is working on obtaining ownership of the various USC listservs so maintenance can be facilitated in a timely and consistent manner.
Dean Endler indicated the meeting had gone beyond schedule and noted several members had already left due to other commitments. He asked that the remainder of the agenda be tabled until the June meeting, barring any pressing business or comments. Patti Urbina reported the Faculty Senate Personnel & Welfare committee has changed the terminology of the Plus One resolution and has expanded its definition to a "category where the additional beneficiary designation could be based on proof of financial dependence" to allow for more broad application of this benefit.

Call to Order: 1:30 pm

AGENDA ITEMS:

I. Minutes Review/Approval:
Matt Upton moved to accept the minutes as written; Thomas Mather seconded the motion. The minutes were unanimously approved.

II. Introduction of Guest: Peter Lange, Interim Executive Director, Transportation Services
Peter Lange was asked to provide information about two Parking, Transportation, Facilities, and Infrastructure committee issues not resolved during the last USC meeting – why must university customers pay for parking and if there can be a salary-based permit pricing scheme? Mr. Lange shared a presentation that was emailed to all USC members on June 15, 2010. Other items of note: There will be no permit price increases in fall 2010 or fall 2011; Transportation Services has been given the authority by university rule to manage a bike program; plan to implement a car sharing program this fall.

III. Introduction of Guest: Alissa Schroeder, Director, Human Resources
Alissa Schroeder shared information about how insurance premiums are set and discussed links on the Human Resource web site that provide insurance coverage comparisons. The TAMU System previously subsidized insurance premiums; it was not a sustainable program and has been discontinued. Seven annual enrollment meetings will be held in July.

IV. Officer Election Update:
Dean Endler presented the slate of officers for next year based on the results of the officer election: Jeannie Laird – chair; Kevin Gustavus – vice chair; Jeff Wilson – secretary; Debra Dandridge – communications chair; Lisa Blum – treasurer.

V. Budget Update:
Dean Endler reported he and Jeannie Laird had a seat at the budget discussion that occurred Friday, June 11 and categorized it as a “massive inroad” to have staff representation in such a high level discussion. There were very high level, preliminary discussions about trimming an additional 5% from the 2012 and 2013 budgets. The University is charged with looking at ways to trim from the appropriated funds in order for TAMU to arrive at a new base budget. Since appropriations primarily fund salaries, it will affect people. There are some very straightforward directives but still much uncertainty. TAMU is to provide its recommendations to the System who will then provide final recommendations to the State of Texas at the end of July. Short term solutions, such as furloughs or early retirements, don’t fix long term permanent budget cuts and are not being given great focus. With the directive to arrive at a new base budget, revenue generation to offset the reduction is not part of the budget exercise. Auxiliary assessments could
be part of the solution. Once colleges and divisions complete their budget plans, the strategy will become more transparent. The committee that met on June 11 agrees that budget reduction and cost saving conversations should be had once per year as a measure to be better stewards of university resources. Suggestion to communicate that USC won’t be able to recommend something across the board regarding budget cuts because we each represent different organizations that will manage the cuts in different ways, so it is impossible for us to take a position on a single, global solution.

Dean Endler indicated the meeting had gone beyond schedule and noted several members had already left due to other commitments. He asked that the remainder of the agenda be tabled until the July meeting, barring any pressing business or comments. Patti Urbina distributed a printed update from the Communications Committee. Debbie Hoffmann reported election process documents will be distributed to the executive officers by the end of the week and by June 25 to units who will be conducting elections this summer.

II. Shared Governance  
Ron Carter reported the Faculty Senate passed a consent agenda item regarding a ‘workplace bullying policy’ for TAMU. The Faculty Senate Personnel and Welfare committee will convene at a later date with the USC Shared Governance committee, Graduate Student Council and Student Senate to begin establishing the parameters for a new Standard Administrative Procedure. Time line is Spring 2011. The search committee for the Provost has met with the President and he has given us his charge what he expects the committee to do. It will be a nationwide search for the University’s top academic position. It is very important this search is done at the highest level in getting premiere academic scholarly candidates applications and the process is done right in lieu of the turmoil from last year.

III. Work Life and Benefits  
Jackie Caruso reported the Work Life & Benefits committee met June 11 and the following outlines the meeting:

• Reviewed the research gathered on how the University Holiday Schedule. Discussed whether to use a survey (which may require IRB approval) or a poll of staff to get their input for the University administrators to consider when designing future holiday schedules. A draft a poll/survey was distributed for the committee members to review and provide comments at the July committee meeting. The committee discussed determining what the process is for placing items on the legislative agenda. Patti Urbina agreed to contact Michael O’Quinn to gather more information.

• Reviewed and discussed education opportunities research information on scholarship programs presented by Kevin Gustavus. The committee discussed possible ways to proceed, using the Texas A&M University at Galveston model. Additional information was gathered from TAMU Corpus and TAMU San Antonio Issues discussed included should it be a needs-based program, undergraduate vs graduate eligibility, could it be used for professional development and not just towards a degree program. Discussed finding out more about UT’s scholarship program. How is it funded. Will contact Scholarships and Financial Aid to determine if data can be gathered on how many staff are currently enrolled in a degree program.

• New issue raised: what are the policies or guidelines when a staff member has a dual reporting role within an organization. Committee will discuss further at the July meeting to determine next steps on this issue.

• Call for a co-chair for the WL&B Committee was made again.

AGENDA ITEM(S)

1. Minutes

2. Worklife and Benefits Committee Proposals
   a. University Holidays

      Jackie welcomed Christine Tisone back from summer sabbatical. Jackie began by discussing the committee’s recommendation related to the University Holiday schedule issue. They researched what other universities in the state are doing, guidelines used by the registrar’s office, what the state allows, and requirements driven by the academic calendar. The committee made three recommendations: 1) survey staff; 2) support the University in soliciting change in legislation changing holiday structure for state institutions from a varying number of holidays to a set number (14) each year; 3) Add link to Human Resources site on this topic from the USC web page. Debbie Hoffmann made a motion to approve all three recommendations as presented by the WLB. Debz DeFreitas seconded the motion. Discussion occurred. Suggestions:
         i. Partner with the system and other state institutions on this issue.
         ii. Survey should state that it is related to an on-campus holiday schedule and may not impact agencies’ holiday schedules.
         iii. Ask with which entity the respondent of the survey is affiliated.

      The council voted unanimously to approve the motion.
   b. Staff Scholarships

      Jackie Caruso asked Kevin Gustavus to discuss the staff scholarship proposal developed in WLB. Other state institution scholarship parameters were researched. Kevin made motion to establish an ad hoc committee to develop the scholarship proposal; Jennifer Slovacek seconded the motion. The council voted unanimously to approve the motion.

3. USC Logo

   Patti Urbina discussed the proposed USC logos and parameters that influenced the committee’s thoughts related to the design process. The logo follows the university’s branding guidelines, is drawn from the secondary color palette approved by the university, and was designed so it could be used in conjunction with the TAMU logo to identify our group as part of the university. Discussion occurred. It was suggested that the university’s primary color palette be used if not incorporating Texas A&M University in the logo. We were reminded that not all members are part of the university, but rather agencies also. Dennis Corrington made motion to approve the first of two options presented; Kevin Gustavus seconded the motion. The council voted 13:5 in favor of the motion.
